Objectives:

1. Improve organizational management, leadership, the quality of education, mentoring, and coaching at our school
2. Maintain the status of a recognized and high-quality center for English language teaching and strengthen our position in this field
3. Maintain the status of a recognized teacher training center in Slovakia and abroad, and strengthen our position in this area
4. Introduce new methods into our teaching
5. Implement the use of technology in our teaching
6. Maintain our market position as a high-quality institution in language teaching and learning, mentoring, and coaching
7. Develop and grow
8. Increase participation in education and employability through the development of high-quality career guidance, consultations, and support services
7. Participate in international projects and develop cooperation with like-minded institutions within the EU

Activities:

The project focused on sending members of The Bridge teaching and administrative team on mobility activities abroad. These activities included six structured courses: **Developing 21st Century Skills, Fostering Motivation and Learner Autonomy, Maximising Digital Competences, Leadership and Management, Student-Centered Classroom** as well as **two job shadowing opportunities** focused on mentoring and coaching in the educational process and assessment. 8 participants took part in mobilities across four European countries: Italy, Ireland, Croatia, and Spain. The mobilities took place in three private language and training centers and one public adult language school.
